*Here at Munsey Preschool and Kindergarten, we believe that inclusion is very important. We want a successful experience for all students

In the case of a child with medical, behavioral, physical or emotional needs beyond what we provide on a normal preschool day, Munsey will offer reasonable accommodations where possible. We reserve the right to determine whether our facility and staff can reasonably accommodate each child's needs on a case-by-case basis. Munsey reserves the right to ask parents to provide special assistance in the classroom. Special assistance may include, but is not limited to, the provision of a professional aid in the classroom, earlier pick up times for smoother transitions and/or an allergy friendly food for special events.

Please see Director to discuss any of these needs further before turning in this form.

I have read and understand all information on this form. _____(initial here)
